

**Memphis College of Art
ConnectEd Emergency Alert System Form**

Memphis College of Art utilizes Connect-Ed, a notification system to deliver important safety or emergency messages via voice, emails, and text messages. In order to begin generating these notifications, we want to ensure that all of the contact information that we have on file for you is correct. We will be loading local home phone and cell phone numbers and your MCA email addresses and an alternate email address. Please complete this form and return with this packet. Providing this information means that you agree to receive emergency notifications:

Name: _____

Local Home Phone: _____

Cell Phone (at which you are able to receive text messages): _____

Alternate Email (other than MCA email): _____

We will be delivering a test email each academic year. This email will announce a follow up test of a voice recording and/or text message. We plan to use this system only for very important community and emergency messages only. If you have questions please contact any staff person in Student Affairs.
