Student Consent to Release Grades

When a student reaches the age of eighteen, or begins attending a postsecondary institution (regardless of age), Family Educational Rights and Privacy Act (FERPA) rights transfer from the parent to the student. In other words, at the postsecondary level, parents have no inherent rights to inspect their child's education records. For this reason, MCA generally directs all of its communication relating to attendance to the student. In turn, it is our expectation that each student maintains an active and open communication with his/her parent(s) regarding academic progress.

Students may consent to allow the institution to release grades and other academic information by completing the information requested below and returning this form to the Registrar's Office. With this release on file, College Officials will be free to discuss any aspect of the student's academic progress with the parent at their request. This release will remain in effect throughout the duration of the student's enrollment at MCA unless repealed, in writing, by the student.

I _____ authorize Memphis College of Art to
Print Name
disclose any and all information from my records to my parent(s). This consent will remain in effect while I am enrolled at MCA unless repealed by me in writing at the Registrar's Office

Student Signature: _____ DATE: _____
